REGULATORY COMPLIANCE SERIES

Electrical Safety

Tuesday, March 14, 2017, or Thursday, July 20, 2017, or

Friday, November 3, 2017

8:00 am – 12:00 pm

You know it's important to comply, but sometimes it's hard to know where to start. That's where our Electrical Safety Compliance Training Seminar can help. Our safety professionals translate OSHA regulations on electrical safety into terms you can use, and show you how to put them into practice.

In just four hours, you'll learn practices and procedures that will keep you in compliance and, best of all, protect your employees.

The seminar covers:

- Elements of OSHA Electrical Safety Regulation (29 CFR 1910.301-399, Subpart S)
- Key terms and concepts of electrical safety
- The importance of electrical safety-related work practices
- How to identify employees' appropriate training and protection requirements
- Four types of electrical injuries
- Protecting employees who work on or near to electrical conductors and equipment

4-hour course

Member \$99* per person / Non-member \$135* per person

Advanced registration required. Please visit our website or call for details.

*Based on payment received at least 10 days prior to class. Late registration fee applies thereafter.

Visit www.metro-safety.org for more information about the NSC Certificate in OSHA Compliance.
