ADVANCED SAFETY CERTIFICATE

Safety Inspections

**Thursday, January 19, 2017, or Wednesday, February 15, 2017, or
Monday, March 27, 2017, or Monday, June 12, 2017, or
Friday, August 4, 2017, or Monday, October 30, 2017, or
Monday, December 4, 2017
8:00 am – 4:30 pm**

TRAINING GOALS

Upon completion of the Safety Inspections course, you will be able to:

- Plan and conduct a safety inspection
- Complete inspection reports
- Develop recommendations and follow-up
- Manage an effective inspection program

WHO SHOULD ATTEND?

Those responsible for conducting or supervising safety inspections and those responsible for training industrial safety and/or health inspectors should attend.

WHY SHOULD YOU ATTEND?

This workshop provides an overview of the safety and health inspection process, and then examines specific techniques to improve the process. Participants learn to develop and use checklists in continuous and formal safety inspections.

The class also covers such topics as:

- Pre-inspection tasks
- What to inspect and where to gather information
- Recording observations
- Handling employee reactions to the inspection process
- Developing inspection reports
- Analyzing data and setting priorities

1 Day Course, 0.6 NSC CEUs/0.6 COCs/1.0 Safety CMs (Approval #03-2806)

Fee*: Member \$325 per person / Non-member \$425

Advanced registration required. Please visit our website or call for details.

*Based on payment received at least 10 days prior to class.

Visit www.metro-safety.org for more information about the NSC Advanced Safety Certificate.
