Defensive Driving Course – 4 Hour (DDC-4)

The National Safety Council's Defensive Driving Course was the first driver improvement course in the nation. Since 1964, more than 50 million drivers worldwide have taken it, and the ranks are growing by more than a million a year. Over 40 years later, this course still sets the standard for driver improvement training.

DDC-4 is a four-hour driver improvement program that also makes an ideal refresher course. In just half a day, DDC-4 offers practical strategies to reduce collision-related injuries, fatalities, and costs. It addresses the importance of attitude in preventing accidents, and reinforces the good driving skills students already have. Most importantly, DDC-4 shows students the consequences of the choices they make behind the wheel, and puts defensive driving in a personal context.
