Defensive Driving Course 6 Hour DDC 8/6

DDC-8/6 is a comprehensive driver improvement program with a basic 8- or 6- hour curriculum offering practical knowledge and techniques to avoid crashes, and to choose safe, responsible, and lawful driving behaviors.

The Original Defensive Driving Course

Our defensive driving course set the standard for driver improvement training in 1964.

- Our Defensive Driving Course has the highest rate of success in reducing the number and severity of collisions, and their related costs.
- More courts, state departments of motor vehicles, insurance companies, municipalities, businesses, government agencies, and driving schools trust NSC for quality driver improvement training.
- Approved by Louisiana Dept. of Health & Hospitals for non-emergency medical transportation.
- It's the one driver improvement program that offers consistent quality and content nationwide.
- We keep our instructors up to date on the latest developments in traffic law and automobile technology.

What You Will Learn

- **Driving defensively.** You will learn to recognize the need for and benefits of defensive driving, and that defensive driving involves both legal and personal responsibility. You will be able to identify risky driving attitudes and behaviors, determine if a collision was preventable, as well as become familiar with the DDC Collision Prevention Formula.
- **Making safe choices.** You will be able to identify the benefits of occupant restraint systems, explain the effects of alcohol and other drugs on driving ability, and spot physical and mental driver conditions that may affect driving. You will also be taught techniques you can use to maintain control in adverse driving situations.
- **Becoming aware of conditions.** You will be presented with driving skills and techniques to use in avoiding collisions and violations caused by vehicle or driving conditions.
- **Hone your skills.** You will become familiar with the skills and techniques that allow you to avoid collisions and violations, and you will learn to spot the common types of driving errors that contribute to collisions. You'll be taught how to make safe and legal turns, evaluate, and overcome the hazards of passing, and how to avoid a head-on collision.
