Tuesday 9/17/19 or

Tuesday 10/29/19 or
Monday 11/18/19 or
Wednesday 12/11/19

8 am – 3:30 pm

REGULATORY REQUIREMENTS

The Code of Federal Regulation for General Industry, CFR 1910.151(b) Medical Services and First Aid, states: *“(b) In the absence of an infirmary, clinic, or hospital in near proximity to the workplace which is used for the treatment of all injured employees, a person or persons shall be adequately trained to render first aid...”* Also, Louisiana Department of Labor Workers’ Compensation 10-Point Safety Plan requires a trained person on every jobsite on every shift. (The full text and clarification of training requirements can be found at <http://www.osha.gov> and http://www.laworks.net/WorkersComp/Safety/OWC_10pointsafety.asp respectively.) With few exceptions, every employer, regardless of size, is required to have enough employees trained in First Aid & CPR to quickly respond to the hazards which can be reasonably expected to occur in the workplace.

IS YOUR COMPANY PREPARED?

National Safety Council’s 7-Hour Standard First Aid & Adult CPR Course meets the CFR 1910.151 OSHA Standard, Coast Guard and most Workers’ Compensation Insurance requirements. Instructors are certified by the National Safety Council.

FACTS AND STATS – Each year

- 40.6 million are treated in hospital emergency rooms because of unintentional injuries
- 146,000 die from unintentional injuries
- 140,000 die from strokes
- 610,000 die from heart disease and heart attacks

CONTENTS
