NSC BLOODBORNE & AIRBORNE PATHOGENS 2-2.5 Hour Course

Anyone from employees to business owners to those who have a reasonably anticipated occupational exposure to blood or other potentially infectious materials in the course of their work, is covered under the OSHA Bloodborne Pathogens Standard 29CFR 1910.1030.

The NSC Bloodborne & Airborne Pathogens instructor-led classroom course helps reduce these risks by focusing on how to protect employees from, not only bloodborne, but also airborne pathogens, and what to do if an exposure occurs. Add your own policies and procedures to meet the OSHA training requirements under the Standard. Student workbooks with nationally recognized NSC certificates included in course fee.

What you'll learn

- ✓ Introduction to BBP
- ✓ BBPs including hepatitis viruses and HIV
- ✓ Transmission of disease
- ✓ Preventing infections
- ✓ Universal precautions/BSI
- ✓ Exposure control
- ✓ Airborne pathogens including tuberculosis

Fee* with minimum 12 attendees:

NSC Member discounted fee \$25

Non-Member \$35

***Note:**

- Price per person. Payment required 10 days prior to course. Add \$25 per person thereafter.
- Cancellation may forfeit a portion of course fee.
- Travel expenses to your facility additional.
- Restrictions apply.
- Prices subject to change without notice.
- Add your internal company policies and procedures to be in full compliance with OSHA.

Interactive online course also available. Add BBP to our First Aid/CPR/AED at a reduced rate. Visit www.metro-safety.org for details.
