

South Louisiana Chapter  
New Orleans

## Consulting Services

The South Louisiana Chapter of the National Safety Council offers safety and health consulting services for a variety of industries and organizations. Our consultants are safety professionals with industry and safety management expertise. Consulting services include:

- ✓ Consultation and advice to owners, managers and safety personnel
- ✓ Walk-through assessments
- ✓ Assistance in the development of written safety programs
- ✓ "Tailor-made" training sessions
- ✓ Assistance with accident/incident investigation
- ✓ Assistance with safety audits

The chapter's safety consulting services are designed for:

- ✓ Companies who do not have the resources to develop a full-time safety staff
- ✓ Companies needing back-up support until confidence is built in their safety and health programs
- ✓ Businesses who simply want advice or an outside opinion from credentialed and experienced safety personnel.

We want to become your full service safety resource. We exist solely to assist organizations in achieving safety excellence and positive, proactive safety culture.
