NSC Lift Truck Operator Train-the-Trainer Classroom Course 4-Hour Course (Call for schedule)

There is no better place to train your lift truck operators than at your own location, and now you can do just that with absolutely guaranteed results. The National Safety is proud to introduce a true technological advancement in packaged safety training: our **NSC Lift Truck Operator Training Program**. This comprehensive program covers everything from order pickers to side loaders to rough terrain. Any operator, novice or seasoned veteran will benefit from the course.

The Train-the-Trainer program will prepare any *qualified trainer** to facilitate the course in full confidence thanks to our step-by-step guide. The trainer-candidate will learn to incorporate the latest safety content and learning principles in this multidimensional, OSHA-compliant program through which they will train your team through sight, sound and mind:

- Live-action, high-definition video makes safe operation crystal clear
- Real-life stories from working operators reinforce the course material
- Superbly detailed animations and graphics aid learning and retention

7 Course Modules

- OSHA Regulations
- Lift Truck Design and Operating Principles
- Pre-Shift Inspection & Preventative Maintenance
- Worksite Inspections
- Pick Up a Load
- Deliver a Load
- Apply Lift Truck Operator Safety Skills

Included in Course Fee

- NSC Lift Truck Operator Training Program Facilitator Kit (English #19939-0000 or Spanish #34512-0000)
 - \$425 value
 - Easy-to-follow Facilitator Guide with DVD
 - High-definition videos of real-life working conditions
 - Detailed animations that further illustrate course topics
 - Comprehensive final exam

Fee: \$475 per person. Additional attendees from the same organization (no kit): \$125 per person. Advanced registration required.

Additional Participant Kits (student workbooks & completion certificates) available in packs of 10 for \$45 plus s/h. Available in English (#19943-0000) or Spanish (#34516-0000).

*NOTE: According to OSHA 29CFR1910.178, a qualified trainer would be a person who, by possession of a recognized degree, certificate or professional standing, or who by extensive knowledge, training & experience has demonstrated the ability to train and evaluate powered industrial truck operators.

Special Offer: Also enroll in our Powered Industrial Truck (PIT) Course on the same day for ½ off! PIT is regularly \$125. When taken with LTOTTT, pay only \$62.50 for PIT. Offer expires 12/31/23.
