

METROPOLITAN SAFETY COUNCIL

Consulting Services

The Metropolitan Safety Council offers safety and health consulting services for a variety of industries and organizations. Our consultants are safety professionals with industry and safety management expertise. Consulting services include:

- ✓ Consultation and advice to owners, managers and safety personnel
- ✓ Walk-through assessments
- ✓ Assistance in the development of written safety programs
- ✓ "Tailor-made" training sessions
- ✓ Assistance with accident/incident investigation
- ✓ Assistance with safety audits and inspections
- ✓ Assistance with OSHA recordkeeping reporting/recording compliance

Our safety consulting services are designed for:

- ✓ Companies who do not have the resources to develop a full-time safety staff
- ✓ Companies needing back-up support until confidence is built in their safety and health programs
- ✓ Businesses who simply want advice or an outside opinion from credentialed and experienced safety personnel

We want to become your full service safety resource. We exist solely to assist organizations in achieving safety excellence and positive, proactive safety culture. Together we can save lives!

CONSULTING FEES*

\$800 for up to 4 hours or \$1500 for up to 7 hours

*Minimum 4 hours. Plus travel at \$1.00 per mile round trip from Metairie office per visit plus time, tolls, parking expenses, meals and lodging. Payment require 5 days in advance for minimum. Additional hours will be invoiced separately. Printing, books, and other supplies are extra. Prices are subject to change without notice.

Also, any course listed on our training calendar can be customized for your business. For more information call 504-888-7618 or visit www.metro-safety.org.
