## BLOODBORNE & AIRBORNE PATHOGENS TRAIN-THE-TRAINER COURSE

### 4-Hour at Metropolitan Safety Council

The NSC Bloodborne & Airborne Pathogens Train-the-Trainer course helps you meet the OSHA 29CFR1910.1030 Bloodborne Pathogens Standard (with the addition of our own internal policies and procedures) and is your tool for training employees or members of the general public who are likely to come in contact with infectious materials as part of their job duties.

#### What you'll learn

During this course you will learn methods that involve, influence and facilitate adult learning while refining your teaching skills.

The Bloodborne & Airborne Pathogens course topics include:

- ✿ Introduction to BBP & ABP
- ✿ BBPs including hepatitis viruses and HIV
- ✿ Transmission of disease
- ✿ Preventing infections
- ✿ Universal precautions / BSI
- ✿ Personal protective equipment
- ✿ Exposure control
- ✿ Airborne pathogens including tuberculosis & influenza & COVID

#### Fee\* \$325 per person

Includes downloadable instructor resource kit with videos, instructor guide, tests and more. Also includes first year of instructor certification. (\$80 for 2 years thereafter.)

Student workbooks with nationally recognized NSC certificates available for an additional fee.

#### \*Note

- ✿ Price per person. Payment required 10 days prior to course. Add \$25 per person thereafter.
- ✿ Cancellation may forfeit a portion of course fee.
- ✿ On-site classes available with a minimum of 5. Travel expenses to your facility additional.
- ✿ Restrictions apply.
- ✿ Prices subject to change without notice.

Ask about our First Aid, CPR & AED Instructor Course.
